Although it doesn't feel like it here today in New York City where it is snowing once again, Sunday was the official start of Spring, and to kick off the season, [The Spa at Rancho Bernardo Inn](#) (San Diego, CA) is offering some irresistible offerings. Now through May 31, guests can choose from the following options:

- Spring Made Fresh Daily (\$150, 80 minutes) includes a strawberry body scrub, a strawberry body wrap, a grapefruit oil massage, and, as an added treat, a strawberry daiquiri to top it all off
- Sunday Funday Spa Package (\$150, 80 minutes) includes two mini bite-sized treats, two sandwiches, and two desserts, and a beverage, plus the choice of three mini treatments (facial, massage, and manicure or pedicure) either before or after the tasting

Both options offer the perfect way to ring in Spring!
